

Beaufort Sea Integrated Management Planning Initiative held an Objectives Setting Community Workshop in Inuvik August 23 and 24. The Workshop topics were 1) Integrated Oceans Management Planning and 2) Identify and/or verify conservation, social, cultural and economic objectives for the Integrated Oceans Management Plan. The group also discussed and identified environmental objectives.

The workshop brought members, including youth and Elders, of the Nihtat Renewable Resource Council, Gwich'in Renewable Resource Council, Tetlit Renewable Resource Council, Inuvik Native Band, Gwich'in Tribal Council, Gwich'in Elders Council and the Executive Directors of the Gwich'in Council International and the Gwich'in Social Cultural Institute. The facilitators of the workshop were staff from Department of Fisheries and Oceans and Amy Thompson, Environmental Biologist for the Gwich'in Renewable Resource Board.
